#### **Note -**

The school does not offer a lunch program. Families are strongly encouraged to train the students to be active in making their own lunches.

*School tuition can be paid as a lump sum or according to an agreed payment schedule. First payments must be made before students attend classes. Payment schedules incur an additional 2% fee on all payments made after the first payment. Parents electing to pay with a credit card are responsible to pay a 3% process fee each time a payment is made. Tuition should be paid promptly as these funds are necessary for the operation of the school. International students who are on an I-20 visa should pay in full before beginning classes. A \$20 surcharge will be applied to the account every five business days that payments are past due. A late fee of \$100 may be applied for students enrolling after the beginning of the school year. Transcripts and records will not be released until all accounts are paid. Students may be dismissed because of past due accounts. Students who unenroll or are expelled may be partially refunded tuition for days missed at the discretion of the administration minus a 10% fee. Accounts will not be refunded for any days of even partially-attended school. The school reserves the right to not refund any tuition for students who unenroll; leave the school; miss substantial amounts of school for illness, vacation, etc.; or are expelled.*
